**4) Old Business**

i) Resistance Testing

The County has begun testing on midges and mosquitoes. Horvath would like samples collected by Clarke from Winter Springs. Winter Springs will provide. The Cities agreed to let County know if the

mosquitoes are still present following treatments. The University of Florida is partnering with SCMC for testing.

**ii) Outreach**

Winter Springs will hold off on any presentations at this time. SCMC will plan on visiting public schools when the last of the temporary personnel is hired.

**iii) Local Training**

More training is to be scheduled at the County, with the 1<sup>st</sup> class beginning in the month of May. Classes will concentrate on Mosquito biology, safety, etc... Those attending will be eligible to receive CEU's. The County will try to schedule the 3-4 hour long classes every few months, and the CEU's will be applicable to Herbicide as well.

**iv) Landing Rate Maps based off of surveillance**

The County website is working at this time. It will take a couple of months to phase in the work order information, rain data, etc... The inspections will be going back at least 10 days. Horvath requested input regarding streamlining the work orders. Horvath asked the Cities if they would like to receive the original work order or the completed work order with follow up information. The Cities and County agreed that the completed work order is sufficient.

**v) Budget**

Horvath stated that the budget information is the same as last month.

**vi) Positions**

Horvath stated that there is one more seasonal position that will be filled in the next couple of weeks.

**5) New Business**

**i) Calibration**

Horvath stated that on April 20<sup>th</sup>, Clarke will be at the County facility calibrating equipment. All Cities are welcome.

**ii) AMCA report**

**(1) NPDES permitting**

Horvath stated that the attorney is working on making the process run smoothly.

**Adjournment**

Horvath adjourned the meeting at 10:45 a.m.

Next Regular Meeting: May 14, 2009 at 10:00 A.M.
